# Features of the Ascent™ 40 Bottleless Water Cooler

## Benefits

- Fast dispensing: Cold Water .4 Gallons (1.6 Liters)/Minute, Hot Water .3 Gallons (1.2 Liters)/Minute
- Promotes a safer working environment with antimicrobial spigots and drip tray
- Saves over 10,000 single-serve bottles annually
- 1 Gallon (3.8 Liters) Cold Reservoir
- .6 Gallon (2.3 Liters) Hot Reservoir

## Single Stage Filtration System

### Carbon Block Filter

Reduces particles as small as 1 micron, including lead, and polishes the water for great taste.

## The Culligan advantage

- ✓ Installation and support from a trusted dealer network
