

Culligan®

HE MUNICIPAL

High-Efficiency Water Conditioner

EXPERIENCE THE DIFFERENCE CULLIGAN CAN MAKE.

CULLIGAN® HE MUNICIPAL

High-Efficiency Water Conditioner

The Smartest Two-In-One Solution for Your Entire Home.

For softening and filtering the water throughout your home, nothing can match the intelligent design of the Culligan HE Municipal. Even better, it can improve your daily life. You will enjoy brighter laundry and sparkling glasses while saving you time and money with less cleaning and scrubbing. The HE Municipal's activated carbon media is designed to reduce contaminants* that cause water to taste and smell unpleasant, including the taste and odor of chlorine.

LIFE IMPROVEMENTS

BRIGHTER WASH

EASIER CLEANING

CLEAR DRINKING WATER

NO ODOR

Control Your Softener from Anywhere in the House

Minimize trips to the basement or garage with our remote display. It warns of any problems and gives you push-button control over functions—like activating the electronic bypass valve to water your lawn.

Adjust the Feel of Your Water

Culligan's Dial-a-Softness® control lets you choose the way you want your water to feel.

*contaminants may not be in your water.

COST SAVINGS

Culligan's exclusive patented technologies reduces operating costs by optimizing salt usage, water and electricity consumption.

You can experience time and money savings by

- Using less soap, shampoo and detergents
- Lower water heating bills
- Easier household cleaning

SYSTEM BENEFITS

	CULLIGAN HE MUNICIPAL	COMPETITORS
Remote by-pass valve	•	
Real time status updates	•	
Interactive remote control	•	
Controls the feel of your water	•	

Softener Salt Management

Always know how long your salt will last. Culligan HE Municipal will tell you exactly how many days remain until you run out of salt, and when you need to refill.

Smart Technology

Smart technology means you get "set it and forget it" convenience. Absolutely no cartridges to change or clean. With an optional modem, Culligan HE Municipal will even alert your Culligan dealer if salt is needed or your softener needs service so the dealer can arrange a service call before you even know there is an issue!

HEY CULLIGAN MAN!

At Culligan, we've been committed to providing superior water treatment products for over 75 years. Our units offer state-of-the-art electronic controls, innovative valve design, and are tested to the highest standard. Just as important, they're supported by your Culligan Man[®], a local water expert. Your Culligan dealer makes your decision easy as we can provide salt delivery, filter and media changes, rentals and financing options.

Dealer participation may vary. See details on back page.

PRODUCT SPECIFICATIONS

Patented Smart Technology

- Automatic bypass valve provides the convenience of bypassing the water softener from the softener itself or the remote display.
- Exclusive Culligan Soft-Minder® meter monitors daily water use and provides advanced system diagnostics.
- The easy-to-read back-lit display with digital clock lets you know your softener is working and warns of system malfunctions.
- Culligan's Dial-a-Softness® control lets you choose the way you want your water to feel.
- Our optional smart brine tank automatically monitors salt levels and tells you how many days of salt are remaining.
- Optional remote display makes it possible to control and monitor the softener from virtually anywhere in the home†.
- Optional modem can alert Culligan dealership if salt is needed or softener needs service.

Cullex® Resin Media

With the Cullex® resin media your water softener is assured stability and long life. High-grade quartz underbedding evenly distributes water to maximize flow rates.

†Requires 120 VAC
