

Culligan®

MEDALLIST SERIES®

Whole House Water Filters

EXPERIENCE THE DIFFERENCE CULLIGAN CAN MAKE.

CULLIGAN® MEDALLIST SERIES®

Whole House Water Filters

Better Water Means Better Living.

Problem water takes on many different aspects: The bad odor, the hazy look of too much sediment in the water, and the corrosive effects of water with a low pH. All different.

Culligan has effective solutions to these and other water problems you may have. All Culligan filters are customized to handle your specific type of problem water.

LIFE IMPROVEMENTS

BRIGHTER WASH

NO ODOR

CLEAR DRINKING WATER

REDUCES STAINS

Culligan® Filtr-Clear® Water Filters... For Taking Care of Sediment Problems.

Cloudy, hazy water gets that way due to sediment in the water. The Culligan Filtr-Clear water filter removes dirt, silt, clay and other types of sediment from your water supply. Not only that, the Filtr-Clear filter is four filters in one. They work at different levels, stacked on top of each other, each removing a particular size of sediment particle. All you end up with is good, clear, top quality water. The Filtr-Clear filter treats all the water in your house, not just water from one faucet.

Cullar® Water Filters... For Taking Care of Taste and Odor Problems.

Cullar filters are long life high grade activated carbon filters designed to reduce contaminants that cause water to taste and smell unpleasant, including the taste and odor of chlorine. They also work against most discoloration problems.

Cullneu® Water Filters... For Taking Care of Acid Problems.

Acid water, or water with low pH, can wreak havoc on your pipes and porcelain fixtures. The acids eat away at the iron and copper on pipes and unlined heaters, leaving behind red or blue stains. The Cullneu filter reduces the stains and pipe damage by neutralizing the acids in your water supply and filtering out any rust particles.

SYSTEM BENEFITS

- Removes sediments in your water making it crystal clear throughout the entire house
- Reduces contaminants* that cause water to appear, taste and smell unpleasant
- Reduces taste and odor of chlorine
- Prevents pipe damage and staining from low pH water

**contaminants may not be in your water*

CULLIGAN ADVANTAGES

HEY CULLIGAN MAN!

At Culligan, we've been committed to providing superior water treatment products for over 75 years. Our units offer state-of-the-art electronic controls, innovative valve design, and are tested to the highest standard. Just as important, they're supported by your Culligan Man[®], a local water expert. Your Culligan dealer makes your decision easy as we can provide salt delivery, filter and media changes, rentals and financing options.

All Culligan products are backed with a 100% Satisfaction Guarantee. If you're not completely satisfied within 30 days from the date of purchase, we'll refund your purchase price. Dealer participation may vary.

Your local Culligan Man[®] water expert has a full-line of quality water treatment products at affordable prices.

All product assembly takes place under exacting world-class quality control.

Culligan products possess the industry's most state-of-the-art features because we maintain our own extensive research and development facility and no other water treatment company holds as many patents.

With over 800 dealers worldwide in more than 90 countries globally, a Culligan Man water expert is just around the corner to make sure you receive the Culligan water you've come to enjoy.

Dealer participation may vary. See details on back page.

PRODUCT SPECIFICATIONS

Exclusive Culligan Medalist Series Design and Technology

- Control valve is available in 3/4" with the Culligan Medallist Series and 1" with the Culligan Medallist Plus.
- The low voltage, fully programmable Accusoft® Microprocessor offers easy data entry performance options that can be set at the touch of a button, to meet individual needs.
- All programming is safe from most power interruptions and surges.
