

BOTTLE-FREE® COOLERS

Drinking Water Systems

EXPERIENCE THE DIFFERENCE CULLIGAN CAN MAKE.

CULLIGAN® BOTTLE-FREE® COOLERS

Drinking Water Systems

Demand the Great Tasting, Quality Drinking Water You Deserve.

Leading a healthy life is a conscious decision—one that you need to work at on a daily basis. To help you feel and perform at your best, various health experts recommend drinking at least eight glasses of water every day. And now staying healthy and hydrated are easier than ever with a Bottle-Free Cooler—offered exclusively through your local Culligan dealer.

GET YOUR COMPANY OFF THE BOTTLE

5 reasons to switch to Culligan Bottle-Free water coolers.

1. Bottle-Free is hassle-free.

You'll never run out of water, and you won't miss reconciling invoices, bottle deposit returns and other paperwork.

2. It's more sanitary.

No bottles mean no germs on bottle necks and fewer places for bacteria and algae to grow.

3. No more lifting 42-lb bottles.

Prevent injuries, reduce spills and free up your storage space.

4. It's better for the environment.

Bottle-Free water coolers reduce our reliance on oil and help keep plastic out of landfills.

5. You'll save money.

Culligan Bottle-Free water coolers start at less than \$2 per day.

SYSTEM BENEFITS

We know your water.

Our local experts understand the conditions in your community and analyze your water to determine the best solution.

Culligan-quality water.

Patented filtration systems produce unsurpassed water quality; Culligan's Total Defense Cartridge targets an extensive list of impurities that others don't.*

Proactive service.

We change your filters and sanitize the cooler annually to ensure high-quality water without the hassle.

Regional and national account capabilities.

We provide a single point of contact to meet all your water needs.

An unmatched reputation.

Over 75 years of innovation, experience and renowned service have made us a trusted and recognized industry leader.

CULLIGAN ADVANTAGE

1. Sediment Filters

Filters out particulate materials such as dirt, sand, and rust.

2. Carbon Filters

Reduces chlorine taste and odor. Helps protect the RO membrane.

3. Third Stage Filter

CAN BE EITHER:

Reverse Osmosis Filters

Reduces microscopic impurities such as arsenic, lead, sodium, and others.

OR:

Total Defense

Specialized carbon block that reduces cysts, lead, VOCs, MTBEs and others

4. UV Light

Inactivates bacteria by compromising their DNA. The UV lamp is immersed in the center of the cold tank.

A Healthy Difference for Your Home or Office

Culligan drinking water is an easy and welcome way to help you and your family or coworkers enjoy a healthier lifestyle. With a Culligan drinking water system you will benefit from having clean, refreshing Culligan water available at any time.

Less Expensive

With the long lasting filters within Bottle-Free Cooler Systems, you'll enjoy a continuous supply of great tasting water for pennies a glass without the hassles of small pack or 5 gallon containers.

Going Green was Never So Easy

By using a Bottle-Free Cooler you are helping to reduce the amount of plastic bottles that end up in landfills along with decreasing the amount of oil and gasoline used to produce and deliver these bottles.

HEY CULLIGAN MAN!

With a Bottle-Free Cooler, you get your own Culligan Man®. With over 75 years of water treatment experience, you can trust that they will help you find the right system to solve your water problems and bring you cleaner, clearer, refreshing Culligan drinking water.

*Impurities may not be in your water.

The Culligan Commitment.

Culligan is dedicated to supplying environmentally friendly solutions, both at home and at work.

By using advanced design and technology to provide alternatives to single-serve drinking water bottles, Culligan brings you bottled water quality without adding to the 38 billion disposable plastic bottles filling our landfills every year.

When you choose Culligan, you're helping to make the world a safer, cleaner, and greener place to live.
